

**Town of Auburn**  
**National Historic Preservation Act Determination**  
**MA MS4 General Permit**

**As required by the MA MS4 General Permit, the Town of Auburn has determined that the discharges regulated under the NPDES MA MS4 General Permit do not have the potential to cause effects on historic properties and thereby certify eligibility for the permit using Criterion A of the screening process.**

This determination was established by following the screening process outlined in Appendix D of the permit. Criterion A of the process is met: The Town of Auburn was authorized to discharge under a previous permit.

According to Appendix D, to the extent that the permit authorizes renewal of prior coverage without relevant changes in operation, the discharge has no potential to have an effect on historic properties.
